

On **Wednesday evening, September 4**, the Redwood Shores Community Association will again be hosting its Candidates' Forum, providing City Council candidates an opportunity to meet with the Shores community.

This event will be held at the Redwood Shores Library, starting formally at 7:00pm. Our format changes with each forum depending on the issues, but we make every effort to end the formal session around 8:15pm in order to allow attendees to meet & question the candidates individually. We will need to end in time to clear the room by 9pm.

We plan to allow each candidate to make a brief 3-4 minute opening statement. I expect there will be several questions from RSCA directed to the candidates. At the moment we plan to solicit written questions from the audience which will be filtered and relayed by the moderator. *(This is not the forum for long, convoluted questions or "speechifying" from the floor.)*

We want to invite you, and hope your schedule will allow you to join us for this year's Candidate Forum. All candidates for Redwood City Council will be asked to participate.
